A little of w.i.p. Must say thanks to Kodg for his knowledge sharing (over these years)

Where's our mate gone ??

while it's hard to say.

surfaces are good, and the rest can be said when the model will be less over. :)
Go on!
It's very interesting!

Oh my God... the king in first person. You're encouraging. Lots of detail to add. Actually
(in spare very rare time) building a quality roof. just to keep in touch some other rends.

Tnks for reply. <http://www.kodg-3d.com/images/fbfiles/images/untitled.jpg>
